SUBJECT INDEX, VOLUME 1

Acridine dyes, absorption and fluorescence of, bound to polyphosphates and DNA, 401
α-Amino acid *N* carboxyanhydrides, strong-base catalyzed polymerizations of, 500
Amylose, in solution, conformation of, 527
Bovine ribonuclease, dialysis studies, 231
Chromophore-macromolecule complexes, optical properties of, 401
Collagen, presence of γ-glutamyl peptide linkages in, 79
Collagen helices, optical properties, 319
D,L-Copoly-γ-benzylglutamates, infrared spectra and molecular conformations, 297
DEAE-Sephadex, interaction with polymethacrylic acid, 331
DNA, in solution, orientation and dissociation field effect, 343
Formaldehyde, reaction of, with soluble ribonucleic acid, 145
γ-Gobulin, β-conformation in, 563
γ-Glutamyl peptide linkages, presence in collagen of, 79
Helical oligomers, 239
Helix-coil transformation, on magnesium binding to α-poly-L-glutamic acid, 269
Helix-coil transition, theory of, in DNA, 15
in DNA, considered as a copolymer, 25
involving complementary poly- and oligo-nucleotides, 133
of poly-L-glutamic acid, 359
Kerr constants, in relation to the electric properties of macromolecules, 503
Macromolecules, electric properties of, conduction and ferroelectricity in solid sodium deoxyribonucleate, 557
electric properties of, Kerr constants and rotational diffusion of some proteins, 503
Nitroaromatic effect, on polypeptides, 371
Nucleotides, absorption spectra, 193
Nucleotide sequences, in nucleic acids, method for determination of, 183
Plant sulfated polysaccharides, structural aspects and classification of, 111
Poly-L-alanine helices, effect of hydrophobic bonding on the stability of, 419
Polyamino acids, polyelectrolyte behavior in aqueous solutions, 353
Poly-1-benzyl-L-histidine, optical properties, 277, *erratum*, 569
Polyelectrolytes, interactions between, 331
sedimentation and diffusion of, theoretical description, 447
sedimentation and diffusion of, experimental studies with poly-L-lysine hydrohalides, 473
α-Poly-L-glutamic acid, effect of helix-coil transformation on magnesium-binding to, 269
Polyglutamic acid solution, dielectric dispersion of, 171
Poly-L-histidine, optical properties, 277, *erratum*, 569
Poly-β-hydroxybutyrate, properties of, 545
Poly-L-lysine hydrohalides, experimental studies of sedimentation and diffusion of polyelectrolytes with, 473
Poly-L-lysyl albumin, synthesis of, 517
Poly- and oligo-nucleotides, helix-coil transitions involving, 133
Polypeptides, conformational aspects of, 33, 371, *erratum*, 569
oriented synthetic, technique for producing, 565
Poly-L-proline, high molecular weight, 3
optical properties, 319
Polyribouridylic acid, molecular properties and conformation of, 431
L-Proline and sarcosine, copolymers of, synthesis and physical-chemical studies, 99
Ribonucleic acid, soluble, inactivation by formaldehyde, 209
reaction of formaldehyde with, 145
Sarcosine and L-proline, copolymers of, synthesis and physical-chemical studies, 99
Scheraga-Mandelkern equation, use in determining molecular weights, 497
Second helical amylose modification, characterization of, 165
Side-chain hydrogen bonds, in proteins, influence of water structure and hydrophobic interactions on, 43
Small molecule, modification of the reactivity of, 71
Sodium deoxyribonucleate, solid, ferroelectricity in, 557

Statement of ownership, management, and circulation (Act of October 23, 1962: Section 4369, Title 39, United States Code)

1. Date of filing: September 30, 1963

2. Title of Publication: Biopolymers

3. Frequency of issue: Bimonthly

4. Location of known office of publication: 20th and Northampton Streets, Easton, Pennsylvania 18042

5. Location of headquarters of general business offices of publisher: 605 Third Avenue, New York 16, New York 10016

6. The names and addresses of publisher, editor, and managing editor:
Publisher: Eric S. Proskauer, John Wiley & Sons, Inc., 605 Third Avenue, New York 16, New York
Editor: Murray Goodman, Polytechnic Institute of Brooklyn, 333 Jay Street, Brooklyn 1, New York
Managing Editor: None

7. Owner: John Wiley & Sons, Inc., 605 Third Avenue, New York 16, New York.
Stockholders owning or holding 1 per cent or more of total amount of John Wiley & Sons, Inc., stock as of September 30, 1963:

Cynthia W. Darby, 23 Farrington St., Newburgh, N. Y.; Maurits Dekker, 511 West 232nd St., Bronx, N. Y.; Rozetta S. Dekker, 511 W. 232nd St., Bronx, N. Y.; Julia W. Gilbert, Box 1191, Carmel, Calif.; Edward P. Hamilton, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York 16, N. Y.; Elizabeth W. Hamilton, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York 16, N. Y.; W. Bradford Wiley and Francis Lobdell, Trustees of Elizabeth W. Hamilton Trust, dated 12/23/52, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York 16, N. Y.; I. M. Kolthoff, University of Minnesota, School of Chemistry, Minneapolis, Minn.; Willy Levinger, 336 Central Park West, New York, N. Y.; R. R. Pennywitt, Box 211, Mantaloking, N. J.; R. C. Runyon, Jr., 130 East End Ave., New York 28, N. Y.; Francis Lobdell and William J. Seawright, Trustees f/b/o Deborah Elizabeth Wiley, u/a dated 6/2/58, c/o John Wiley & Sons, 605 Third Avenue, New York 16, N. Y.; Kate R. Q. Wiley, 1192 Park Avenue, New York 28, N. Y.; Edward P. Hamilton, Trustee f/b/o Kate R. Q. Wiley, u/a dated 6/6/38, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York 16, N. Y.; Francis Lobdell and William J. Seawright, Trustees f/b/o Peter Booth Wiley, u/a dated 6/2/58, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York 16, N. Y.; K. R. Q. Wiley, E. P. Hamilton and Cynthia W. Darby, Executors of the will of W. O. Wiley, c/o E. P. Hamilton, 605 Third Avenue, New York 16, N. Y.; Francis Lobdell and William J. Seawright, Trustees f/b/o William Bradford Wiley, 2nd, u/a dated 6/2/58, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York 16, N. Y.; Adele E. Windheim, 8 Dundee Rd., Larchmont, N. Y.; W. Bradford Wiley and E. P. Hamilton, Trustees for Edward P. Hamilton Foundation, u/a dated 12/23/57, c/o John Wiley & Sons, Inc., 605 Third Avenue, New York 16, N. Y.; Powers & Co., P. O. Box 1479, Church St. Station, New York 8, N. Y.; Reing & Co., P. O. Box 491, Church St. Station, New York 8, N. Y., Eric. S. Proskauer & Charles H. Lieb, as Trustees U-A Dated 11/27/62, 220 Central Park South, New York 19, New York.

8. Known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities: None

9. Paragraphs 7 and 8 include, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capicity other than that of a bona fide owner. Names and addresses of individuals who are stockholders of a corporation which itself is a stockholder or holder of bonds, mortgages or other securities of the publishing corporation have been included in paragraphs 7 and 8 when the interests of such individuals are equivalent to 1 per cent or more of the total amount of the stock or securities of the publishing corporation.

10. This item must be complete for all publications except those which do not carry advertising other than the publishers own and which are named in Sections 132.231, 132.232, and 132.233, Postal Manual (Sections 4355a, 4355b, and 4356 of Title 39, United States Code)
I certify that the statements made by me above are correct and complete:
